■ Course Introduction

■ Welcome

Welcome to Essential Time & Attendance Supervisor Timecard Basics for ADP Workforce Now. This training includes U.S. spellings and the date construct of month/day/year. You will see your expected spellings and date constructs in your solution back on the job.

■ Navigating WebEx

■ Course Purpose

This course prepares you to use ADP Workforce Now to edit timecards, fix timecard exceptions, and run reports.

■ Course Agenda

- Introducing ADP Workforce Now Time & Attendance
- The ADP Workforce Now User Interface
- Editing Timecards
- Completing Other Timecard Tasks
- Running Reports

■ Materials Overview

Use the job aids in this handout manual when you are back at your job.

■ Introducing ADP Workforce Now Time & Attendance

■ Overview

With ADP Workforce Now Time & Attendance, you can easily collect your employees' time and attendance information and move it quickly and accurately through the payroll process.

■ The Time & Attendance Workflow Process

■ Overview

The following illustration shows each stage of the Time & Attendance workflow process.

■ Stages and Descriptions

Stage	Description
1 - Perform Time Entry	Employees enter their time data, and the entries are collected. The application applies rounding rules, totals the hours, calculates overtime, and highlights missed entries and other exceptions.
2 - Edit and Approve Timecards	You review and edit time information and generate reports. You can also approve time online, if your company is set up for this feature.
3 - Prepare for Payroll Processing	Your practitioner closes the pay period (so no more entries can be made to Time & Attendance data), adjusts the payroll as necessary, submits the payroll to ADP, and then safely moves to a new pay period in Time & Attendance. The process begins again.

■ The Employee's Role

The employee does the following (if applicable):

- Enters own time
- Views own timecard, schedule, and personal and attendance information
- Enters own supplemental earnings, such as tips
- Sends attendance notifications to supervisors and requests time off

■ The Supervisor's Role

The supervisor does the following:

- Corrects employee timecards
- Creates and assigns employee schedules (if applicable)
- Approves employee timecards and time off requests (if applicable)
- Generates reports

■ The Practitioner's Role

The practitioner does the following:

- Edits employee timecards
- Maintains employee information
- Creates and assigns schedules (if applicable)
- Generates reports
- Prepares Time & Attendance data for payroll processing

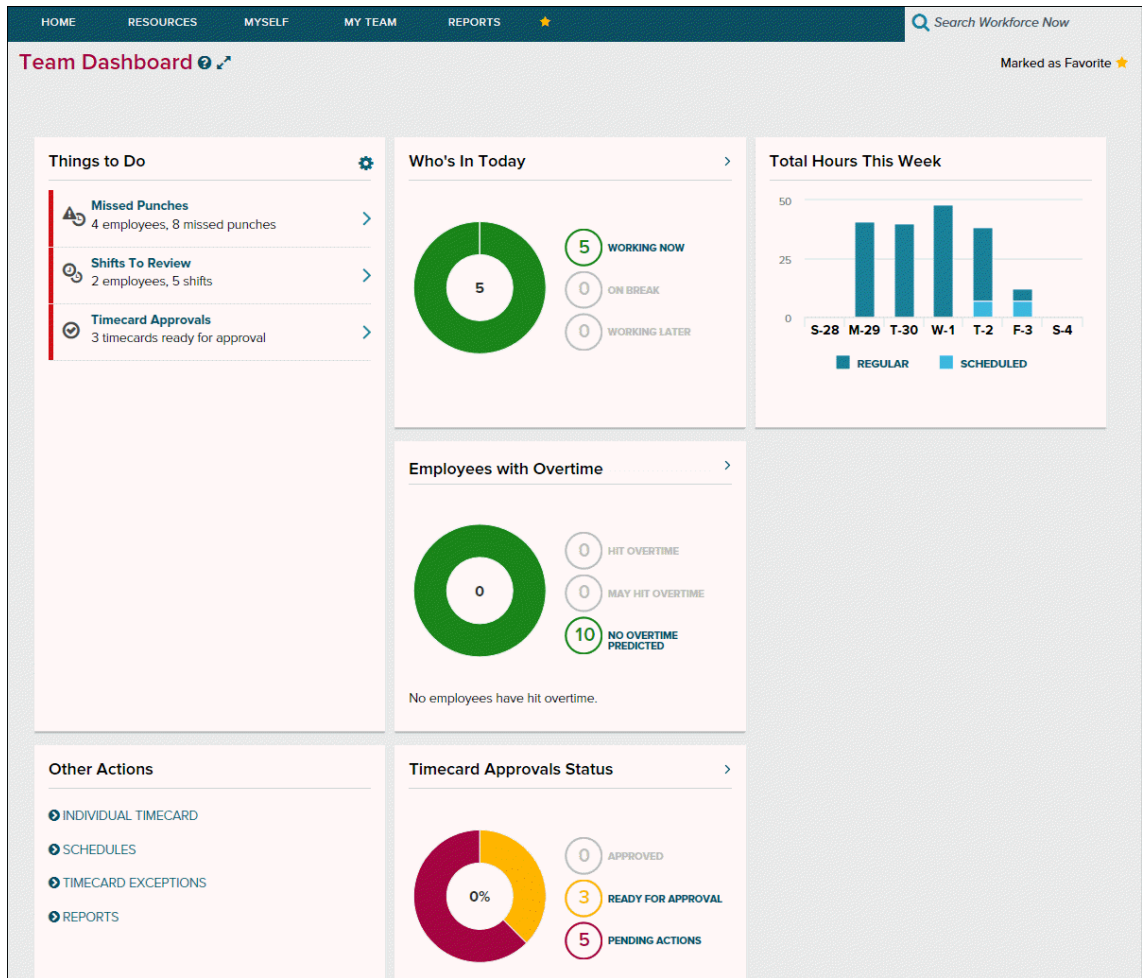

The Time & Attendance Team Dashboard

Overview

The Team Dashboard is the starting point for many of the Time & Attendance tasks you will need to complete. It provides you with a to-do list and an overview of key information you might need to help you manage your employees.

Explore: The Team Dashboard

■ Editing Timecards

■ Overview

One of your more important daily tasks is to edit employees' timecards to make corrections and to locate and fix timecard exceptions.

■ What Are Timecard Exceptions?

Timecard exceptions are a way of notifying you that time entries differ from what is expected, and may need intervention before the payroll can be processed.

Not all exceptions require action. For example, if an employee uses a schedule and clocks out an hour earlier than the scheduled time, an exception will result. However, you will not need to edit the timecard for this exception for the payroll to be processed.

■ Examples

- The timecard is missing hours.
- The timecard is missing an in or out time.
- The employee has clocked out early or late.
- The number of hours in the schedule does not match the number of hours worked.
- The timecard is missing supervisor approval.

■ Best Practices

You should clear exceptions on a daily basis. You can easily locate and fix timecard exceptions from the Team Dashboard.

■ Adding Missed Punches Job Aid

■ Overview

You may have heard the term “time pair.” A time pair represents a set of in and out times. Every “in” time on a timecard must have a corresponding “out” time. An exception is generated if one entry is missing from a time pair that must be corrected before a payroll can be processed.

■ Scenario

The Team Dashboard shows that there are some employees with missed punches. Add the missing punches to fix the exceptions.

■ Instructions

Starting Point: My Team > Time & Attendance > Team Dashboard

Step	Action
1	In the Things To Do tile, for Missed Punches , click > (action).
2	For each employee who is missing an entry in a time pair, in the In or Out field, enter the time. Tips: <ul style="list-style-type: none">• It is not necessary to enter a colon or 00.• Enter “a” or “p” for AM or PM. Example: For 5:00 PM, type 5p.
3	Click Save .

■ Adding Notes to a Timecard Entry Job Aid

■ Instructions: Adding a Note to a Timecard Entry

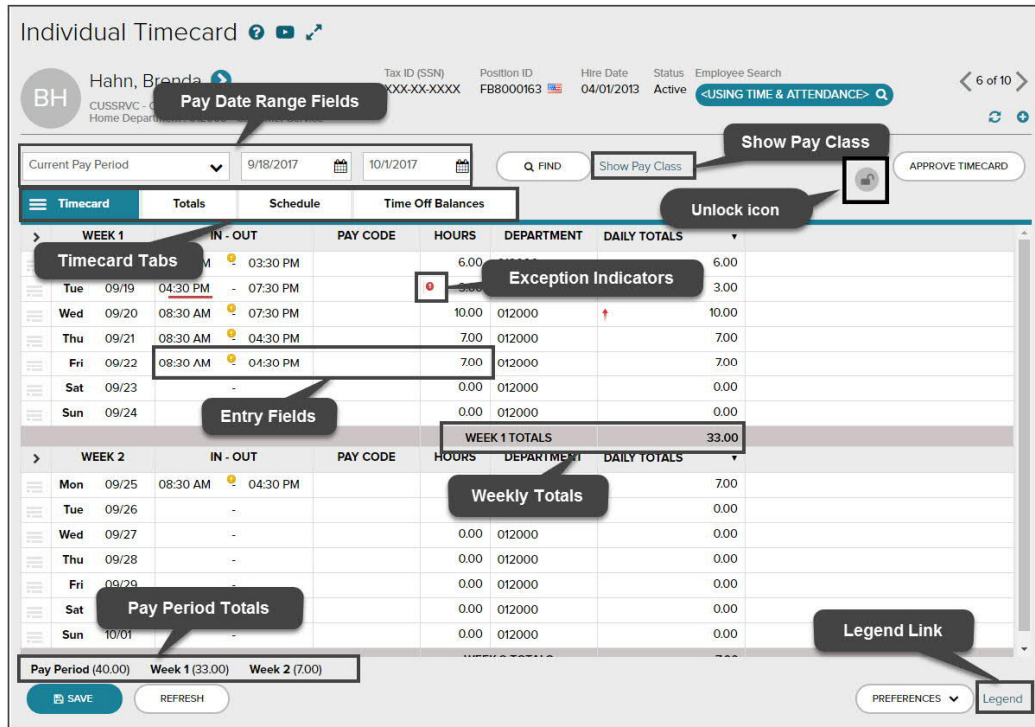

Starting Point: My Team > Time & Attendance > Team Dashboard

Step	Action
1	On the Things To Do tile, for Missed Punches , click > (action).
2	In the row that you want to add the note, click  (note).
3	In the Comments field, enter the note.
4	Click Save . Result: The note is saved. You can continue to enter the missing punch.

Elements and Descriptions

Element	Description
Pay date range fields	These fields indicate the time period for which information is currently being displayed. You can change the time period.
Show Pay Class Link	Click this link to view a summary of how the employee records time and how the employee's time is calculated such as how punches are rounded and how overtime is calculated.
Unlock icon	The Unlock icon indicates the ability to edit a timecard. When the time cycle is unlocked, updates can be made to a timecard if you have edit privileges. If the time cycle is locked, you will not be able to make any further changes.
Timecard tabs	These tabs open a timecard view, based on your features, such as Totals, Schedule, Supplemental Pay Codes, and Time Off Balances.
Exception indicators	These indicators convey information about an entry. Pointing to an exception indicator displays a description of that indicator.
Entry fields	These fields display in and out times and the total hours worked.
Weekly totals row	This row displays totals for each week within the pay period or the selected date range.
Pay period totals row	This row displays totals in a fixed row at the bottom of the individual timecard.
Legend link	When clicked, this link displays a description of all timecard indicators.

■ Adding Missed Punches to Correct a Time-Pair Exception Job Aid

■ Overview

When punches are missing, time-pair exceptions are generated. You must resolve these exceptions so the application can calculate the employee's total hours.

■ Scenario

On the first Tuesday of the pay period, Kenneth Johnson punched out for his meal at 12:15 p.m., but he forgot to punch in when he returned. He left the office at 4:21 p.m. Correct the second time pair to reflect his return from mealtime and his end-of-day out punch.

■ Instructions

Starting Point: My Team > Time & Attendance > Individual Timecard

Step	Action
1	On the employee ID bar, under Employee Search , click the link.
2	In the Search field, enter the employee's name, and then select the employee from the list. Result: The timecard for the employee that you selected is displayed.
3	In the row with the missing punch, in the In field, right-click the punch and select Insert Time . Result: The time automatically moves to the Out field in the same row.
4	In the In field, enter the time that the employee returned from the meal. Tips: <ul style="list-style-type: none"> • Enter "am" or "pm" to automatically advance to the next field. • It is not necessary to enter a colon or 00.
5	Click Save .

■ Adding Missed Time-Out and Time-In Punches Job Aid

■ Overview

In some cases, employees may forget to punch out either for their meals or at the end of the day. You can add multiple missed punches by inserting a new row in the timecard.

■ Scenario

Kenneth forgot to punch out for his meal at 12:45 p.m. He also forgot to punch back in when he returned from his meal at 1:45 p.m.

■ Instructions

Starting Point: My Team > Time & Attendance > Individual Timecard

Step	Action
1	Locate the employee's timecard that has the missing punch.
2	In the row with the missing punch, in the Out field, enter the time that the employee left for the meal.
3	In the same row, click  (row menu) and select Add Blank Row . Result: A new row is inserted for that day.
4	In the new row for that day, in the In field, enter the time that the employee returned from the meal.
5	In the Out field, enter the time that the employee left for the day.
6	Click Save .

■ Deleting Punches Job Aid

■ Overview

You may encounter various situations in which you need to delete a punch.

■ Scenario

Kenneth punched in for the day and then stopped to talk to a coworker. Forgetting that he already punched in, he punched in again five minutes later. This punch created a new row with just the in-punch time, generating a missing out-punch exception. You need to delete the incorrect in punch.

■ Instructions

Starting Point: My Team > Time & Attendance > Individual Timecard

Step	Action
1	Locate the employee's timecard that has an extra punch.
2	In the row for the day with the incorrect punch, right-click in the In or Out field that contains the punch that you want to delete.
3	Select Delete Time . Result: The correct time from the second row moves to the Out field in the first row, replacing the incorrect time. The second row has no data and is automatically removed.
4	Click Save .

■ Adding Notes to a Timecard Job Aid

■ Instructions: Adding a Note to a Timecard Transaction or Row

Starting Point: My Team > Time & Attendance > Individual Timecard

Step	Action
1	In the row where you want to add a note, click  (row menu) and select Add Note . Result: The Note window opens.
2	In the Comments field, enter a note.
3	In the Apply Note To field, select the element to which the note applies.
4	Select Allow Employee to View Note , if applicable.
5	Select a reason code, if applicable.
6	Click OK . Result: The  (note) indicator is now visible on the timecard. You can point to it to display the contents of the note.
7	Click Save .

■ Instructions: Adding a Note to an Entire Timecard

Starting Point: My Team > Time & Attendance > Individual Timecard

Step	Action
1	Click  (timecard menu) and select Add Note . Result: The Note window opens.
2	In the Comments field, enter a note.
3	Select Allow Employee to View Note , if applicable.
4	Select a reason code, if applicable.
5	Click Save . Result: The  (note) indicator is now visible on the timecard. You can point to it to display the contents of the note.

■ Correcting Department Transfers Job Aid

■ Overview

When an employee works in multiple departments, you must update the employee's timecard to reflect the appropriate amount of time assigned to each department.

■ Scenario

Kenneth worked in his regular department (001000) until 12:00 p.m. From 12:00 p.m. until the end of the day, Kenneth worked in another department (006000). You need to allocate his hours to the appropriate department.

■ Instructions

■ Review: Editing Timecards

■ Questions and Answers

Answer the following questions using.

1. How did Thomas Evers's timecard differ from Kenneth Johnson's timecard?
2. What types of timecard actions can you take from the Team Dashboard?
3. When would you go to an employee's individual timecard?
4. How do you access an employee's Individual Timecard page?

■ Completing Other Timecard Tasks

■ Overview

In addition to editing your employees' timecards, there are other timecards tasks you may need to complete, such as reviewing shifts and approving timecards.

■ Setting Your Display Preferences

You set your display preferences to specify the criteria you want to use for any shifts that might need to be reviewed. To set your display preferences, on the Review Shifts page, next to the Rule field, click  (settings).

■ Reviewing Shifts Job Aid

■ Overview

The Team Dashboard provides you with a feature to flag your employees' shifts when they meet certain criteria. When an employee clocks in earlier or later than expected, or works longer than expected, you need to review those shifts. For example, you might want to be notified if an employee's shift is longer than 10 hours. You specify the types of things that you want flagged for your attention by setting your display preferences.

■ Scenario

Most of your employees clock out around 5:00 p.m. so you have chosen to flag shifts in which employees clock out later than 6:00 p.m. You have also chosen to flag shifts in which employees work 30 minutes outside of their shifts. See if there are any shifts you need to review.

■ Instructions

Starting Point: My Team > Time & Attendance > Team Dashboard

Step	Action
1	On the Things To Do tile, for Shifts to Review , click > (action). Result: The shifts you need to review are displayed.
2	Review the shifts and add notes to the timecard entries, if desired.
3	To the left of the Notes field, select the checkbox. Result: All of the shifts are selected.
4	Click Dismiss . Result: The shifts are no longer flagged for review.

■ Approving Timecards Job Aid

■ Overview

At the end of the pay period, your practitioner must complete a number of tasks to prepare the data for payroll processing and close the pay period. Then, your practitioner must move to the next pay period to move the data in the current pay period into an archive, where it can no longer be edited.

Your responsibilities at the end of the pay period include the following tasks:

- Resolving any remaining timecard exceptions
- Approving timecards

■ Scenario

It's the end of the pay period, and you need to review and approve your employees' timecards.

■ Submitting a Time-Off Request on a Timecard Job Aid

■ Overview

The Time Off feature is a fully automated solution that employees, supervisors, managers, and practitioners can use to efficiently enter and approve requests for time off and calculate time-off accruals. If your company uses the Time Off feature, employee timecards will display employees' time-off requests.

If the option to submit time-off requests on timecards is enabled for your company, employees can request time off, such as jury duty, vacation, or sick time, on their timecards. Time & Attendance supervisors and practitioners can also add time-off requests to an employee's timecard.

■ Scenario

One of your employees, Thomas Evers, forgot to record his sick time. You need to enter the request on behalf of the employee.

■ Instructions: Hours-Based Employee

Starting Point: My Team > Time & Attendance > Individual Timecard

Step	Action
1	Search for the employee's timecard.
2	Optionally, to add a row, click  (row menu) and select Add Blank Row .
3	In the In field, select the start time of the request.
4	In the Hours field, enter the number of nonworked hours.
5	Click in the Pay Code field.
6	Click  (search) and then select the pay code that corresponds to the reason for the time-off request.
7	Click Save . Result: The time-off request is submitted and will be routed to the appropriate reviewer, as designated by the workflow set up for your company. If no additional approvals are required, the employee's request will be reflected on the employee's timecard and schedule and the My Team > Time Off > List of Requests page.

■ Instructions: Time Pair-Based Employee

Starting Point: My Team > Time & Attendance > Individual Timecard

Step	Action
1	Search for the employee's timecard.
2	Optionally, to add a row, click  (row menu) and select Add Blank Row .
3	In the In field, enter a start time.
4	In the Hours field, enter the number of hours of nonworked time off and press Tab. Result: The Out field automatically populates.
5	Click in the Pay Code field.
6	Click  (search) and then select the pay code that corresponds to the reason for the time-off request.
7	Click Save . Result: The time-off request is submitted and will be routed to the appropriate reviewer, as designated by the workflow set up for your company. If no additional approvals are required, the employee's request will be reflected on the employee's timecard and schedule and on the My Team > Time Off > List of Requests page.

■ Important Information

- Time off can be entered on timecards for dates only within the current and the next pay period. If you need to request or cancel time off in a previous pay period or beyond the next pay period, you must use the Time Off pages.
- To cancel time off on a timecard, click  (row menu) and select Delete. The following will occur:
 - The request will be marked as Canceled on the Time Off pages.
 - The schedule that was created by the request will be deleted, and the employee's original schedule will be restored.

■ Additional Resources

- For more information about the Time Off feature and how to edit nonworked time, refer to the related learning bytes.
- If your company does not use the Time Off feature, for more information, see online Help.
